CONVERSION PRICE AND NEW SHARES

The initial Conversion Price of HK\$0.33 per Share represents:

- (ii) a premium of approximately 20% over the average closing price of approximately HK\$0.275 per Share as quoted on the Hong Kong Stock Exchange for the five consecutive trading days up to and including 22 June 2021; and
- (iii) a premium of approximately 20% over the average closing price of approximately HK\$0.275 per Share as quoted on the Hong Kong Stock Exchange for the ten consecutive trading days up to and including 22 June 2021.

The Conversion Price was determined with reference to the prevailing market price of the Shares and the terms and conditions of the Subscription Agreement and was negotiated on an arm's length basis between the Issuer and the Sole Lead Manager after a book-building exercise.

The number of New Shares issuable upon conversion of any Bond shall be determined by dividing the principal amount of the Bonds to be converted (translated to Hong Kong dollars at a fixed exchange rate of HK\$7.7653 to US\$1.00) by the Conversion Price in effect on the relevant conversion date. Based on the initial Conversion Price of HK\$0.33 per Share and assuming full conversion of the Bonds at the initial Conversion Price, the Bonds will be convertible into a maximum of 2,353,121,212 New Shares, representing:

- (i) approximately 10.49% of the existing issued share capital of the Company as at the date of this announcement;
- (ii) approximately 4.98% of the issued share capital of the Company, as enlarged by the issue of the New Shares upon full conversion of the Firm Bonds; and
- (iii) approximately 9.50% of the issued share capital of the Company, as enlarged by the issue of the New Shares upon full conversion of the Firm Bonds and the Option Bonds.

Conversion Price Reset

If the Closing Price of the Shares on 20 out of the 30 consecutive Trading Days before any Reset Date is lower than the Conversion Price in effect on the relevant Reset Date, the Conversion Price in effect on the relevant Reset Date (taking into account any adjustments as described in the manner provided in the terms and conditions of the Bonds which may have occurred prior to the relevant date) shall be reset to the Reset Reference Share Price on such Reset Date, provided that the Conversion Price shall not be reduced below the level permitted by the applicable laws and regulations from time to time, including under the general mandate requirements under the Listing Rules.

Such adjusted Reset Reference Share Price shall be rounded upwards, if necessary, to the nearest Hong Kong cent., provided that:

- (i) any such adjustment to the Conversion Price shall be limited such that the adjusted Conversion Price in no event shall be less than HK\$0.30; and
- (ii) subject to (i), the adjustment events set out in the manner provided in the terms and conditions of the Bonds shall apply, *mutatis mutandis*, to adjustments hereunder to ensure that appropriate adjustments shall be made to the Conversion Price as so adjusted to reflect any events set out in the manner provided in the terms and conditions of the Bonds.

The Company intends to use the net proceeds from the issue of the Bond to refinance its offshore indebtedness and for its offshore projects and general working capital purposes.

REASONS FOR AND BENEFITS OF THE BOND ISSUE

The Directors consider the Bond Issue is an appropriate means of raising additional capital since (i) the Bond Issue can provide the Company with additional funds at lower funding cost; (ii) it will not have an immediate dilution effect on the shareholding of the existing Shareholders; and (iii) in the event that the Bonds are converted into New Shares, the Company can improve its capital base, benefiting the long-term development of the Company. In addition, the Company has granted an option to the Sole Lead Manager to subscribe and pay for, or to procure subscribers to subscribe and pay for, all or any of the Option Bonds up to a further aggregate principal amount of US\$50,000,000, provided that the option may only be exercised if the Conversion Price as adjusted pursuant to the terms and conditions of the Bonds (if applicable) is higher than the Closing Price of the Shares on the date on which the option is exercised, so that the Company has flexibility in obtaining additional funding from the capital markets if there is future funding needs.

Accordingly, the Directors consider the terms of the Subscription Agreement and the Bonds are fair and reasonable on normal commercial terms and in the interests of the Shareholders and the Company as a whole.

GENERAL MANDATE

Based on the initial Conversion Price of HK\$0.33 and assuming full conversion of the Bonds at the initial Conversion Price, the Bonds will be convertible into a maximum of 2,353,121,212 New Shares, representing 52.46% of the General Mandate (as defined below).

By resolutions of the Shareholders passed at the annual general meeting of the Company held on 18 June 2021, the Company granted a general mandate to the Directors to allot and issue up to 20% of the issued ordinary share capital of the Company (the “**General Mandate**”).
