**DISCLOSEABLE TRANSACTION
SUPPLY AGREEMENT RELATING TO
THE SOLAR FARM
LOCATED IN AUSTRALIA**

SUPPLY AGREEMENT

On 26 April 2023, Wollar Solar, a wholly-owned subsidiary of the Company, as the principal, entered into the Supply Agreement with JA Solar Australia, as the supplier, for the development of the solar farm in Australia. The contract price of the Supply Agreement is approximately USD43 million (excluding goods and services tax).

LISTING RULES IMPLICATIONS

As the highest applicable percentage ratio in respect of the entering into of the Supply Agreement exceeds 5% but is less than 25%, the entering into of the Supply Agreement constitutes a discloseable transaction of the Company and is therefore subject to the reporting and announcement requirements under Chapter 14 of the Listing Rules.

INTRODUCTION

The Board is pleased to announce that on 26 April 2023, Wollar Solar, a wholly-owned subsidiary of the Company, as the principal, entered into the Supply Agreement with JA Solar Australia, as the supplier, for the development of the solar farm in Australia. The contract price of the Supply Agreement is approximately USD43 million (excluding goods and services tax).

THE SUPPLY AGREEMENT

The principal terms of the Supply Agreement are set out below:

Date: 26 April 2023

Parties: (i) Wollar Solar (as the principal)
(ii) JA Solar Australia (as the supplier)

Subject matter: Wollar Solar agreed to engage JA Solar Australia to provide certain services, including the design, manufacture, testing, delivery and supply of the Equipment and the provision of documentation relating to the Equipment.

JA Solar Australia shall rectify or remedy any defects during the period commencing on the date of delivery of the first tranche of the supply of the Equipment and ending 24 months after the later of (a) the date of delivery of the last tranche of the supply of the Equipment; and (b) the date which is 6 months after the date of delivery of the first tranche of the supply of the Equipment.

Contract price and payment method: The contract price for the Equipment under the Supply Agreement is approximately USD43 million (excluding goods and services tax) (the “**Contract Price**”) which consists of all costs, expenses, fees and charges to be incurred by JA Solar Australia in performing its obligations under the Supply Agreement, and shall be settled as follows:

(i) Advance Payment

10% of the Contract Price as advance payment shall be paid on the date which is 10 business days after the later of (a) the execution of the Supply Agreement by the parties; (b) the receipt of the advance payment security (as mentioned below) by Wollar Solar; (c) the receipt of a tax invoice from JA Solar Australia for the advance payment by Wollar Solar; and (d) the date JA Solar Australia has satisfied its obligations to provide evidence of insurances under the Supply Agreement.

(ii) Delivery Payment

90% of the Contract Price is due in batches per delivery tranche and shall be paid by Wollar Solar within 15 business days after receipt by Wollar Solar of valid payment claim submitted by JA Solar Australia, provided that JA Solar Australia has satisfied all pre-conditions to payment as set out under the Supply Agreement.

Performance security:

Under the Supply Agreement, JA Solar Australia shall provide to Wollar Solar unconditional bank guarantees issued by a qualified bank approved by Wollar Solar, within 20 business days after the date of execution of the Supply Agreement, for the amount equivalent to 10% of the Contract Price under the Supply Agreement, to guarantee the due performance by JA Solar Australia of its obligations under the Supply Agreement.

All of the original amount of the performance security shall be released within 30 days after the date of delivery in respect of the last tranche of the supply of the Equipment in accordance with the terms of the Supply Agreement.

Advance payment security:

Under the Supply Agreement, as a condition precedent to payment by Wollar Solar of the advance payment, JA Solar Australia shall provide unconditional bank guarantees issued by a qualified bank approved by Wollar Solar, within 20 business days after the date of execution of the Supply Agreement, for the amount equivalent to 10% of the Contract Price under the Supply Agreement, to guarantee the due delivery of the Equipment by JA Solar Australia in accordance with the terms of the Supply Agreement.

All of the advance payment security shall be released within 10 business days after the value of all delivered Equipment reaches 10% of the Contract Price under the Supply Agreement.

Bank guarantee:

Under the Supply Agreement, as conditions precedent to the delivery of the Equipment, (i) Wollar Solar and JA Solar Australia shall have entered into a financing arrangement in respect of the Supply Agreement and achieved financial close under such arrangements (“**Financial Close**”); and (ii) JA Solar Australia shall have obtained the relevant project insurance in respect of the Supply Agreement, on or prior to 30 April 2023. Such conditions precedent are for the benefit of Wollar Solar and may only be waived by Wollar Solar in its absolute discretion.

Where the parties have not achieved Financial Close and JA Solar Australia has not obtained such project insurance on terms satisfactory to the parties on or prior to 30 April 2023, Wollar Solar shall provide a bank guarantee to JA Solar Australia for the value of any undelivered tranche of Equipment by no later than 20 days prior to the relevant tranche of Equipment leaving the port of loading.

Any bank guarantee provided by Wollar Solar shall be released by JA Solar Australia and returned to Wollar Solar within the earlier of (i) 2 business days following receipt by JA Solar Australia of the amounts due and payable by Wollar Solar in respect of such tranche of Equipment; or (ii) 2 business days following the achievement of Financial Close.

BASIS OF DETERMINATION OF THE CONTRACT PRICE

The Contract Price for the Equipment under the Supply Agreement was determined by the parties after arm’s length negotiation and through a tender process. In particular, the Company has considered the following factors during the selection: (i) the overall proposals submitted by the candidates of suppliers; (ii) capability, experience and technical specifications of the candidates of suppliers in performing similar size projects; and (iii) the prevailing market price of provision of similar services.

REASONS FOR AND BENEFITS OF ENTERING INTO THE SUPPLY AGREEMENT

Having considered the development and the expected return from investment in the solar farm industry in Australia, the Company is optimistic about the prospect of such industry in the foreseeable future. To the best of the Directors' knowledge, JA Solar Australia is a well-established company with substantial experience in the sales and distribution of solar photovoltaic products in Australia. The Directors are of the view that the entering into of the Supply Agreement by the Group is a concrete step to implement its overseas development strategies. The Directors have reviewed the Supply Agreement and are of the view that the terms and conditions of the Supply Agreement are fair and reasonable and the transactions contemplated thereunder are entered into on normal commercial terms and in the interests of the Company and the Shareholders as a whole.
